This book is designed to present, in one convenient source, comments published in periodicals about 325 automobile models manufactured since 1987 on a model-by-model basis. These periodicals range from general interest to specialized sources as well as repair manuals and other publications related to the individual models.

This manual provides information on routine maintenance and servicing, with tasks described and photographed in a step-by-step sequence so that even a novice can do the work.

Haynes. Covers all front-wheel drive models, 1986-1999.

All models.

Shows how everyone has the capacity to succeed and how most use only a small portion of their talents.
