But when you think about it, keeping an old-fashioned address book is still very practical. In case you lose your smartphone, you'd still have a backup of all your contacts' information. Also, some people believe that keeping an address book is a lot simpler. Address books are a lot cheaper than smartphones and devices.

/ Addresses*

Address books are useful for keeping contact information all in one place, including names, addresses, telephone numbers, and email. Although modern technology, like phones, have somewhat replaced pen and paper, physical address books, rather than online address books, are useful to keep at home next to the phone.

Microsoft address book templates can help. With an address book template, you can create a single contact list for everyone in your circle. They're great for clubs, too—download a membership directory template as your main email list. An address template can provide room for mobile and land lines, birthdays, even notes.
