A BOY WITHOUT HOPE is the heart-breaking story of a boy who didn't know the meaning of love. A history of abuse and neglect has left Miller destined for life's scrap heap. But in this turbulent story of conflict and struggle, Casey Watson is determined to help Miller overcome his demons, show him love and give him hope. Casey Watson is back, doing the job she does best - rolling up her sleeves and fostering the children who, on first meeting, seem like hopeless cases. But when she meets Miller and discovers the truth about his disturbing childhood, even Casey begins to doubt if this child will ever be able to accept love. Found naked and alone on a railway track, Miller was just five when he was first admitted into the care system. Emotionally tormented by his biological parents, Miller has never understood how to establish meaningful relationships, and his destructive past, and over 20 failed placements, is sealing his fate in society's social scrap heap. After a torrent of violent behaviour and numerous failed attempts to help Miller, Casey decides to make an intervention, implementing a severe regime that strips Miller of all control. But soon the emotional demands of Miller's case start to take their toll on Casey and Mike. Just how far is Casey willing to go to help Miller and save him from his inner demons?

From the moment he was born, Andrew Bridge and his mother Hope shared a love so deep that it felt like nothing else mattered. Trapped in desperate poverty and confronted with unthinkable tragedies, all Andrew ever wanted was to be with his mom. But as her mental health steadily declined, and with no one else left to care for him, authorities arrived and tore Andrew from his screaming mother's arms. In that moment, the life he knew came crashing down around him. He was only seven years old. Hope was institutionalized, and Andrew was placed in what would be his devastating reality for the next eleven years--foster care. After surviving one of our country's most notorious children's facilities, Andrew was thrust into a savagely loveless foster family that refused to accept him as one of their own. Deprived of the nurturing he needed, Andrew clung to academics and the kindness of teachers. All the while, he refused to surrender the love he held for his mother in his heart. Ultimately, Andrew earned a scholarship to Wesleyan, went on to Harvard Law School, and became a Fulbright Scholar. Andrew has dedicated his life's work to helping children living in poverty and in the foster care system. He defied the staggering odds set against him, and here in this heartwrenching, brutally honest, and inspirational memoir, he reveals who Hope's boy really is.

From the Sunday Times bestselling author comes a true story of two deeply troubled boys both in need of a loving home. This is the sixth title in the series. The Watsons are astonished when they answer their front door to find their case worker with a small boy on the doorstep. Jenson is just nine years old. He was removed from his home thirty minutes earlier when it was discovered his mother had left him at home while she went on holiday with her boyfriend. A couple of weeks later Casey is in for a second shock when she is asked to take a second nine-year-old boy, Georgie. Georgie is autistic and has been in a children s home since he was a toddler. The home is closing and social services need somewhere temporary for him to stay. With her own grown up son, Kieron, having Asperger s (a mild form of autism), Casey knows this is one child she cannot say no to. The relationship between Jenson and Georgie is difficult from the outset. Jenson is rebellious and full of attitude and he kicks off at anything, constantly winding Georgie up. Georgie doesn t cope well with change and is soon in a permanent state of stress. Despite Casey s best efforts, her innate love for the children is being tested and she begins to question if she can handle Jenson s cruelty. But overtime it becomes clear that the boys have formed an unlikely bond. Could this be the solution to all of their troubles?"

Let Me Go is the powerful new memoir from foster carer and Sunday Times bestselling author Casey Watson.

Barbara's father was a sadistic man at the best of times - his idea of fun was to kill the family dog by tying it to the back of his car and driving off. Also for kicks, he took his children out on to the lake and held them under until they were gasping for their lives. He sexually assaulted Barbara from a young age, often when the rest of the family were in the house. He repeatedly threatened to kill her, and made two very serious attempts. During the final attempt, as he was raping and choking her, Barbara made a vow - if she survived, she would come forward and get justice against her father ... Without Hope is a powerful and inspiring true story of a girl who finally found the inner strength to escape her brutal childhood.

Just when Casey thinks her foster care duties are done, she's asked to look after Sam, a troubled nine-year-old with a violent streak who drove his previous guardians to release him of their care. It soon unfolds, however, that this is no simple case.
