The project aims to explore the meaning and value of republican freedom in light of Kant's account of human agency. The animating conviction is that Kant's account of agency can be used to deepen and reframe current debates in important ways.

### agency-and-autonomy-kant | Philosophy | University of ...

The essays in this volume show how this conception was first articulated in a fully systematic fashion by Immanuel Kant in the eighteenth century. Twelve leading scholars shed new light on Kant's philosophy, with each devoting particular attention to at least one of three aspects of this conception: autonomy, freedom, and personhood.

### Kant on Persons and Agency edited by Eric Watkins

10. Autonomy. At the heart of Kant's moral theory is the idea of autonomy. Most readers interpret Kant as holding that autonomy is a property of rational wills or agents. Understanding the idea of autonomy was, in Kant's view, key to understanding and justifying the authority that moral requirements have over us.

### Kant's Moral Philosophy (Stanford Encyclopedia of Philosophy)

The concept of autonomy is one of Kant's central legacies for contemporary moral thought. We often invoke autonomy as both a moral ideal and a human right, especially a right to determine oneself independently of foreign determinants; indeed, to violate a person's autonomy is considered to be a serious moral offence.

### Kant on Moral Autonomy edited by Oliver Sensen

Kant introduces the concept of autonomy in order to explain the bindingness of moral commands, but if he were to understand autonomy as free choice, this would not be enough to generate moral bindingness. If one freely adopts a New Year's resolution, for instance, one can always unbind oneself from it.

**Agency and Autonomy in Kant's Moral Theory: Selected ...**

As a British Academy Newton Advanced Fellow, Sasha co-directs with Dr. Lucas Thorpe (Bogazici University) a project entitled: "Agency and Autonomy: Kant and the Normative Foundations of Republican Self-Government." The project investigates Kant's contributions to republican political philosophy in light of his understanding of autonomy and human agency.

**Dr Sasha Mudd | Humanities | University of Southampton**

Kant described the protection of autonomy at the political level as encapsulated in the principle of right: that each person had the right to any action that can coexist with the freedom of every other person in accordance with universal law (Kant 1996, 387).
