'Deceived' is only 300 pages in length, but it's still very much worth the reader's time if they are at all into Star Wars & the Old Republic era. From reading the bio on the inside of the back cover, I saw that Paul Kemp enjoys writing villains, & 'Deceived' is sufficient to convince me that he also very much has a talent for crafting them.

Breaking from the normal use of in-game scenes and graphics for trailers, the nearly four-minute long Deceived video instead depicts a never-before-seen event in canon that takes place prior to the game's start: the Sacking of Coruscant.
