Garrard provides thorough glosses of the concepts and problems that drive ecocriticism, sketches out the various positions that might fall under the ecocriticism label, and gives a detailed account of the thought that forms ecocriticism's theoretical underpinnings.

### Ecocriticism (The New Critical Idiom): Amazon.co.uk

Greg Garrard's Ecocriticism goes beyond an introduction to the field. While Garrard provides an insightful overview of ecocriticism's past and present he also delves into some of the key debates in ecocriticism today, writing a book filled with layers and providing a text with a level of depth I seldom see in such broad overviews.
