In this newly revised and updated edition of Generation Me, Dr. Twenge uses data from 11 million respondents to show how profoundly different today's young adults are from those in the past, including in their attitudes toward work. With irony, humor, and sympathy, Dr. Twenge shows that American culture raised the aspirations of today's ...

Generation Me - Dr. Jean Twenge

There are numerous problems with the younger generation today. The new generation does not measure up to the older generation. Over the last ten years we have struggled to understand and young adults to define them, and this problem continues to concern us. The new generation is characterized by speed, instability and insecurity in its own time: there is no doubt it will have a significant impact on business operations, culture, education, or even society.

The Problem With The Younger Generation Today | Researchomatic

At its best, Generation Me documents some real economic stresses and encouraging racial and gender equalizations among America's young. But ultimately, Twenge's baseless, People -magazine pop-silliness and potshot moralisms trivialize the daunting challenges the young face and add to the heap of bad books about youth.
