Look around the side of the outboard, just below the widest top part of the motor. If you cannot locate it, call a Honda Marine dealer for assistance. Find the two-digit letter or letter and number combination around the middle of the sequence, just after a number that corresponds to the horsepower of the engine. For example, if your serial number has the following format: XX25A3XXXX, 25 ...

The company produces both two-stroke and four-stroke outboard motors. Most of all, of course, are the four-stroke outboard motors of this brand. They are the most powerful, safe and reliable boat engines today. The Honda 4-stroke outboard motor is distinguished by its special reliability and practicality in use.
