Join the fold and discover this timeless art form. World's Best Origami is an amazing collection of more than 100 of the most unusual and best-loved origami patterns ever created. Expert origami artist Nick Robinson has collected traditional origami patterns as well as his own pieces and those from some of the greatest origami artists in the world - many in print here for the first time ever. ? More than 100 pieces-the most comprehensive origami book on the market ?Projects rated from beginner to advanced and include everything from boxes, containers, geometrics, and abstracts to figures, birds, animals, and flowers, and more-this unique volume has something for everyone at every skill level ?Each diagram clearly displayed with easy-to-understand instructions ?The only book to include the works of several masters of the craft, including Edwin Corrie and Francesco Guarnieri, as well as the author

The Second Edition of Another Dvoretzky Classic! It is very important for the practical player to train his or her ability, understand when to rely on intuition, rules of thumb and more general positional considerations, when to try to solve problems by calculating variations to the end and how to manage time to avoid time pressure. With these goals in mind, the second edition of Dvoretzky's Analytical Manual delivers excellent, high quality training materials and many exercises.Here what critics had to say about the First Edition:"Very good stuff! ... There is a shocking amount of rich material in this book ... Dvoretzky's Analytical Manual is a magnificent piece of work ... It gets my highest recommendation for those 2200 and above." - From Jeremy Silman's review at JeremySilman.com"Established Dvoretzky fans will definitely enjoy this volume; it might even be his best to date." - From the review by Sean Marsh at MarshTowers.com."Dvoretzky's Analytical Manual's high-octane, excellent instructional material is nicely enhanced by the author's erudition and wit ... A true gem!" Grandmaster Lev Alburt

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

The Grammar and Language Workbook offers sequential language instruction along with extensive drill and practice in grammar, usage, and mechanics. This important tool includes a handbook as well as vocabulary, spelling, and composition lessons.
