"July 24, 2008, my wife and I sat in Dr. Doug Flora's office. The doctor entered the room, turned, and looked at us and said, 'I know folks, this really sucks! You have esophageal cancer. It is what is called a clinical T3N1 tumor. It's extremely serious.' He then went into a detailed explanation of Dr. Saeed's findings. He sketched a picture of my esophagus and stomach on a white sheet of paper that covered the examining table and pointed at the base of my stomach and esophagus and drew a circle where the tumor had been detected. He said that the tumor's size was 2.0 mm. I told him that I had been taking long walks to get a suntan and to lose weight and had been proud to lose seventeen pounds. He said, 'The cancer took your seventeen pounds—it wasn't the walking.' Join author Paul D. The purpose of this book is to help anyone who is going through a period in life where they felt abandoned by God. The goal of this book is to give insight into a transformational seven years of my life's experience and explain those seven years from multiple perspectives, with guidance from scriptures from the bible. Feeling abandoned by God is a real issue for people, especially when they are dealing with things they have no control over. What can make matters worse is when there is no relief in sight. God knows what we go through. God also does not leave us alone to resolve issues. We need to know that His grace 'is' enough. God says, in his word, rely on Him for 'everything.' He may not respond in our time, but he will come through in His time for His purpose. Stay the course for God's plan for your life if you want to reach your full potential. Your breakthrough may not happen in the time frame you want it to, but if it is part of God's plan, it will happen! Christ came to overcome the world, and he did! Align yourself with Christ, and He will get you through the darkness and into the light!

Let me offer an early disclaimer. I know exactly who the Founders were. I know exactly the crimes against humanity that they were responsible for and those they inherited and were not responsible for. I do not spend time extolling the virtues of Mr. Jefferson, Mr. Adams, Mr. Franklin, and Mr. Madison. Nothing in this work or in my experiment (my life's work) can change the fact or alter the history of the debasement of humanity that preceded the Declaration of Independence (1776), the Constitution (1787), and the Bill of Rights (1791) they were a part of and the obvious fact that the major accomplishment of the Founders' theories about self-government did not apply to African Americans and Native Americans, women, and specifically Black women in their thinking. Still, there exists in their theological imagination infinite hope for their experiment. This work seeks to identify the evidence that shows and suggests that some of them were aware of a grand architectural experiment and design for the nation and its future. Every cracked, broken, and imperfect vessel can be used to bring forward hope. I am a personal witness to this fact of human existence.
