In a novel set within the arena of volatile Japanese-American relations, business moguls compete for control of the international electronics industry.

“[The Rising Sun] is quite possibly the most readable, yet informative account of the Pacific war.”—Chicago Sun-Times This Pulitzer Prize–winning history of World War II chronicles the dramatic rise and fall of the Japanese empire, from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki. Told from the Japanese perspective, The Rising Sun is, in the author’s words, “a factual saga of people caught up in the flood of the most overwhelming war of mankind, told as it happened—muddled, ennobling, disgraceful, frustrating, full of paradox.” In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific, Toland crafts a riveting and unbiased narrative history. In his Foreword, Toland says that if we are to draw any conclusion from The Rising Sun, it is “that there are no simple lessons in history, that it is human nature that repeats itself, not history.” “Unbelievably rich . . . readable and exciting . . .The best parts of [Toland’s] book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo politics.”—Newsweek

An unforgettable story of an extraordinary love and a town's prejudice during World War II. Sophie and the Rising Sun "suggests the small but heartwarming triumphs made possible by human dignity and courage." -Publisher's Weekly. In sleepy Salty Creek, Georgia, strangers are rare. When a quiet, unassuming stranger arrives--a Japanese man with a secret history of his own--he becomes the talk of the town and a new beginning for lonely Sophie, who lost her first love during World War I. Middle-aged Sophie had resigned herself to a passionless existence. That all begins to change as she finds herself drawn to the mysterious Mr. Oto. When the Japanese bomb Pearl Harbor, Mr. Oto's newfound life comes under siege; his safety, even in Salty Creek, is no longer certain. Sophie must decide how much she is willing to risk for a future with the man who has brought such joy into her life. Visit the author at: [www.AugustaTrobaugh.com](http://www.AugustaTrobaugh.com)

Every vampire has heard rumor of the mythical place where their kind can daywalk. But what no vampire knows is that this City of Eternal Night actually exists. And its name is New Orleans. For centuries, the fae have protected the city from vampire infestation. But when the bloodsuckers return, the fragile peace in New Orleans begins to crumble. Carefree playboy Augustine, and Harlow, a woman searching for answers about her absent father, are dragged into the war. The fate of the city rests on them --- and their fae blood that can no longer be denied. Book one in the brand new, action-packed urban fantasy Crescent City series, from award winning, House of Comarre author Kristen Painter!

Chasing the Rising Sun is the story of an American musical journey told by a prize-winning writer who traced one song in its many incarnations as it was carried across the world by some of the most famous singers of the twentieth century. Most people know the song "House of the Rising Sun" as 1960s rock by the British Invasion group the Animals, a ballad about a place in New Orleans -- a warehouse or a prison or gambling joint that's been the ruin of many poor girls or boys. Bob Dylan did a version and Frijid Pink cut a hard-rocking rendition. But that barely scratches the surface; few songs have traveled a journey as intricate as "House of the Rising Sun." The rise of the song in this country and the launch of its world travels can be traced to Georgia Turner, a poor, sixteen-year-old daughter of a miner living in Middlesboro, Kentucky, in 1937 when the young folk-music collector Alan Lomax, on a trip collecting field recordings, captured her voice singing "The Rising Sun Blues." Lomax deposited the song in the Library of Congress and included it in the 1941 book Our Singing Country. In short order, Woody Guthrie, Pete Seeger, Lead Belly, and Josh White learned the song and each recorded it. From there it began to move to the planet's farthest corners. Today, hundreds of artists have recorded "House of the Rising Sun," and it can be heard in the most diverse of places -- Chinese karaoke bars, Gatorade ads, and as a ring tone on cell phones. Anthony began his search in New Orleans, where he met Eric Burdon of the Animals. He traveled to the Appalachians -- to eastern Kentucky, eastern Tennessee, and western North Carolina -- to scour the mountains for the song's beginnings. He found Homer Callahan, who learned it in the mountains during a corn shucking; he discovered connections to Clarence "Tom" Ashley, who traveled as a performer in a 1920s medicine show. He went to Daisy, Kentucky, to visit the family of the late high-lonesome singer Roscoe Holcomb, and finally back to Bourbon Street to see if there really was a House of the Rising Sun. He interviewed scores of singers who performed the song. Through his own journey he discovered how American traditions survived and prospered -- and how a piece of culture moves through the modern world, propelled by technology and globalization and recorded sound.

In war, victory can be held hostage to seemingly insignificant incidents—chance events, opportunities seized or cast aside—that can derail the most brilliant military strategies and change the course of history. What if the Japanese had conquered India and driven out the British? What if the strategic link between the United States and Australia had been severed? What if Vice Admiral Nagumo had launched a third attack on Pearl Harbor? What if the U.S. Navy’s gamble at Midway had backfired? Ten leading military historians ask these and other questions in this fascinating book. The war with Japan was rife with difficult choices and battles that could have gone either way. These fact-based alternate scenarios offer intriguing insights into what might have happened in the Pacific during World War II, and what the consequences would have been for America. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The definitive history of the Russo-Japanese war The Russians were wrong-footed from the start, fighting in Manchuria at the end of a 5,000 mile single track railway; the Japanese were a week or so from their bases. The Russian command structure was hopelessly confused, their generals old and incompetent, the Tsar cautious and uncertain. The Russian naval defeat at Tsushima was as farcical as it was complete. The Japanese had defeated a big European power, and the lessons for the West were there for all to see, had they cared to do so. From this curious war, so unsafely ignored for the most part by the military minds of the day, Richard Connaughton has woven a fascinating narrative to appeal to readers at all levels.

Campfire's World War II: Against The Rising Sun focuses on the war in the East, through the eyes of the servicemen and civilians on both sides of the conflict. From the invasion of Manchuria by Japan in 1937, right through to the dropping of the atomic bombs on Hiroshima and Nagasaki, we witness the end of the British Empire, the rise and fall of Japan and destruction the likes of which the world must never know again. While authoritative texts on World War Two often tend to focus disproportionately on the European theater of war, the Pacific theater was no less dramatic, with its roots stretching back to the early 1930s. This book tells the history of World War Two in the Pacific theater, told from many perspectives.

A sweeping saga of prehistoric North America follows the quest of an Ice Age warrior who rejects his prophesied destiny as a peacemaker to seek revenge against those who killed his grandfather. Original.

During the grand opening celebration of the new American headquarters of an immense Japanese conglomerate, the dead body of a beautiful woman is found. The investigation begins, and immediately becomes a headlong chase through a twisting maze of industrial intrigue and a violent business battle that takes no prisoners.
