Shoot an Iraqi: Art, Life and Resistance Under the Gun ...

Bilal's other performance-art pieces -- a suicide bombing scene satirically recreated, getting himself waterboarded -- suggest that he craves publicity both for himself and for the miseries of Iraq. But as good as all the shooting-gallery suspense is, the best parts of Bilal's account are his flashbacks to life in Iraq -- poverty, competitive studies, depression, religious zealots, Saddam's propaganda everywhere.

Award-winning Iraqi artist's life story and reflections on his highly provocative interactive art piece.

Wafaa Bilal's childhood in Iraq was defined by the horrific rule of Saddam Hussein, two wars, a bloody uprising, and time spent interned in chaotic refugee camps in Kuwait and Saudi Arabia. Bilal eventually made it to the United States to become a professor and a successful artist, but when his brother was killed by an unmanned U.S. Predator drone, he decided to use his art to confront those in the comfort zone with the realities of life in a conflict zone. His response was "Domestic Tension," an unsettling interactive performance piece: for one month, Bilal lived alone in a prison cell-sized room in the line of fire of a remote-controlled paintball gun and a camera that connected him to Internet viewers around the world. Visitors to the gallery and a virtual audience that grew by the thousands could shoot at him twenty-four hours a day. The project received overwhelming worldwide attention and spawned provocative online debates; ultimately, Bilal was named Chicago Tribune's Artist of the Year. Structured in two parallel narratives, the story of Bilal's life journey and his "Domestic Tension" experience, Shoot an Iraqi is for anyone who seeks insight into the current conflict in Iraq and for those

Download Free Shoot An Iraqi Art Life And Resistance Under The Gun

fascinated by interactive art technologies and the ever-expanding world of online gaming. "Once I picked up this book, i could not put it down. There is something so urgent and compelling about Bilal's story, as though he is speaking to our time. His story is not just for those interested in the arts; it is a human story of the horror, frustration, and tragedies of war." –Mary Flanagan, artist and author of re:skin "This is an unsettling and gripping book. It poignantly recounts a dark and imaginative experiment inspired by an excruciating and ghastly reality. Its unsettling effects couldn't be more welcome: we desperately need to be shocked out of our collective zombification, and this book does that by leading us through a wild labyrinth at once aesthetic, political, and existential. Potent stuff." –Danny Postel, author of Reading "Legitimation Crisis" in Tehran "Who in their right mind would allow the internet to shoot at them? Shoot an Iraqi: Art, Life, and the Resistance Under the Gun tells the story of Wafaa Bilal. When his brother was killed by an unmanned Military device during the Iraq war, Bilal took it locked himself in a room, a camera showing him to the world with a remote controlled paintball gun connected to the internet, in the name of art and political statement. Bilal explains himself quite well, making Shoot an Iraqi fascinating reading." –Midwest Book Review "Weaving together accounts of Iraq and America, art and

violence, performance and reality, past and present, this gripping account all but shakes the reader by the lapels." —Publishers Weekly

Iraqi-born artist Wafaa Bilal has exhibited his art worldwide, and traveled and lectured extensively to inform audiences of the situation of the Iraqi people, and the importance of peaceful conflict resolution. Bilal's 2007 dynamic installation "Domestic Tension" gained global recognition, being named Artist of the Year by the Chicago Tribune. Bilal has held exhibitions in Baghdad, the Netherlands, Thailand and Croatia; as well as at the Museum of Contemporary Photography in Chicago, the Milwaukee Art Museum and various other US galleries. His residencies have included Montalvo Arts Center in Saratoga, California; Catwalk in New New York; and Rensselaer Polytechnic Institute.

How did a city long dominated by a notorious Democratic Machine become a national battleground in the right-wing war against the public sector? In *Mayor 1%*, veteran journalist Kari Lydersen takes a close look at Chicago mayor Rahm Emanuel and his true agenda. With deep Wall Street ties from his investment banking years and a combative political style honed in Congress and the Clinton and Obama administrations, Emanuel is among a rising class of rock-star mayors promising to remake American cities. But his private-sector approach has sidelined and

Download Free Shoot An Iraqi Art Life And Resistance Under The Gun

alienated many who feel they are not part of Emanuel's vision for a new Chicago—and it has inspired a powerful group of activists and community members to unite in defense of their beloved city. Kari Lydersen is a Chicago-based journalist, author and journalism instructor who has written for the Washington Post, the New York Times, the Progressive, In These Times, and other publications. She is the author of four books, including *The Revolt on Goose Island: The Chicago Factory Takeover and What it Says About the Economic Crisis*. She specializes in coverage of labor, energy and the environment. She has taught at Columbia College Chicago and Northwestern University and also works with youth from low-income communities through the program We the People Media. karilydersen dot com.

A collaboration of political activism and participatory culture seeking to upend consumer capitalism, including interviews with The Yes Men, The Guerrilla Girls, among others. Coined in the 1980s, "culture jamming" refers to an array of tactics deployed by activists to critique, subvert, and otherwise "jam" the workings of consumer culture. Ranging from media hoaxes and advertising parodies to flash mobs and street art, these actions seek to interrupt the flow of dominant, capitalistic messages that permeate our daily lives. Employed by Occupy Wall Street protesters and the Russian

Download Free Shoot An Iraqi Art Life And Resistance Under The Gun

feminist punk band Pussy Riot alike, culture jamming scrambles the signal, injects the unexpected, and spurs audiences to think critically and challenge the status quo. The essays, interviews, and creative work assembled in this unique volume explore the shifting contours of culture jamming by plumbing its history, mapping its transformations, testing its force, and assessing its efficacy. Revealing how culture jamming is at once playful and politically transgressive, this accessible collection explores the degree to which culture jamming has fulfilled its revolutionary aims. Featuring original essays from prominent media scholars discussing Banksy and Shepard Fairey, foundational texts such as Mark Dery's culture jamming manifesto, and artwork by and interviews with noteworthy culture jammers including the Guerrilla Girls, The Yes Men, and Reverend Billy, Culture Jamming makes a crucial contribution to our understanding of creative resistance and participatory culture.

This is a book or art, and songs, that I wrote. I just placed my songs, on computer, that were hand written. I just wanted a different style of book.

In 1907 and again in 1908 Adolf Hitler applied for entry at the Academy of Fine Arts in Vienna. He was rejected on both occasions - a professor citing "unfitness for

Download Free Shoot An Iraqi Art Life And Resistance Under The Gun

painting." It seems that this decision has been deemed by many historians as not a significant event. But what if Adolf Hitler had been accepted to the prestigious Academy of Fine Arts? Prior to this rejection, Adolf had sold some of his paintings so it would not have been unthinkable for him to have been accepted. Some have thought that perhaps he had been rejected by Jewish professors and so began his hatred of the Jews. Again, we have to think about what if Adolf Hitler had been accepted in the Academy of Fine Arts? Would that have change his path and therefore changed the course of history? Would someone else have simply taken his place? "The Artist Formerly Known as Adolf Hitler," is a novel that looks at what the world may have looked like had he chose a different course in life. For many people, the name Adolf Hitler is the embodiment and true definition of evil. The purpose of this book is not to venerate Adolf Hitler. This story is meant to have the reader think in a different way about Adolf Hitler. Was Adolf Hitler predestined to be the architect of one of the most horrendous and evil events in modern history, or was it simply a series of bad choices and decisions and eventually choosing the wrong course in life? There is evidence that in Adolf Hitler's youth, he had many interactions with Jewish people and in some cases, quite beneficial ones. What were those events or interactions that shaped his opinions to become drastically different in later life?

Download Free Shoot An Iraqi Art Life And Resistance Under The Gun

What if we had to walk a mile in Adolf Hitler's shoes? Many find such a thought preposterous. But what if we had his formative years? What if we had his physiology? What if we had the same path and obstacles to go down or around as he? Would we make the same decisions? While we may judge people like Hitler, Stalin and Mao as ruthless and evil dictators, had we been born to live their lives, would we have made different choices while in their shoes? To this point, are all human beings just subject to their predestined fate, or do we all the unfettered opportunity to make the correct or incorrect choices that lead us down a certain path? Another aspect of this novel looks at how the 20th century would have transpired, had Adolf Hitler chosen another path. Is it likely World War II would have occurred? If it hadn't what would the world look like? The war was directly responsible for the economic upturn for the United States and many countries, lifting them from the malaise of the Great Depression. What would have become of the Soviet Union? Would we have landed a man on the moon? The war brought about economic, political and technological changes to an extent that had never been experienced before in history. What would this have meant for the Jewish race as well as all people all around the world? The book also looks at what might have happened to some notable people affected directly or indirectly by Adolf Hitler had he lived his life differently.

Download Free Shoot An Iraqi Art Life And Resistance Under The Gun

What might have happened to the political careers of Rosa Luxemburg and Karl Leibknect? What might have happened to Ann Frank? Who was Ernst Thallman and MarIa de los Remedios Alicia Rodriga Varo y Uranga? What is amazing to think in terms of, is that how could the decisions of one man have made such a dramatic impact on the history and culture of the world that we live in today. "The Artist Formerly Known as Adolf Hitler" will make you rethink history and how our behavior can impact not only the lives of our small communities, but the entire world.

Attitude. Personality. Mindset. Spirit. Essence. Regardless of how you define your state of being, it is the basis for your existence and how you experience life. The Art of Being lays the foundation for your first impressions because if you get this part wrong not much else matters. All other efforts may be diminished or wasted. Your way of being sets the tone for how people relate to you, behave toward you, and engage with you. The more positively centered and grounded you are in your authentic being, the more people may be drawn to you. Becoming the person you want to be includes being your best, doing your best, and allowing your personality, passions, and purpose to shine through. This book is Book 1 of 8 from the Susan Young's mastery manual The Art of First Impressions for Positive Impact; 8 Ways to Shine Bright to Transform Relationship
