Thomas Ligotti is often cited as the most curious and remarkable figure in horror literature since H. P. Lovecraft. His work is noted by critics for its display of an exceptionally grotesque imagination and accomplished prose style. In his stories, Ligotti has followed a literary tradition that began with Edgar Allan Poe, portraying characters that are outside of anything that might be called normal life, depicting strange locales far off the beaten track, and rendering a grim vision of human existence as a perpetual nightmare. The horror stories collected in Teatro Grottesco feature tormented individuals who play out their doom in various odd little towns, as well as in dark sectors frequented by sinister and often blackly comical eccentrics. The cycle of narratives introduce readers to a freakish community of artists who encounter demonic perils that ultimately engulf their lives.

The 1970s and 1980s saw the awakening of social awareness and political activism in Mexican-American communities. In San Diego, a group of Chicana women participated in a political theatre group whose plays addressed social, gender, and political issues of the working class and the Chicano Movement. In this collective memoir, seventeen women who were a part of Teatro de las Chicanas (later known as Teatro Laboral and Teatro Ra  ces) come together to share why they joined the theatre and how it transformed their lives. Teatro Chicana tells the story of this troupe through chapters featuring the history and present-day story of each of the main actors and writers, as well as excerpts from the group's materials and seven of their original short scripts.

First published in 1995. Routledge is an imprint of Taylor & Francis, an informa company.

The first comprehensive history of the oldest major opera house in the Americas. The Teatro Solís in Montevideo, Uruguay—established in 1856 and still operating—is the oldest theater in the Americas. Solís audiences thrilled to the lyricism of many of the great singers of the 19th Century, among them Adelina Patti, Romilda Pantaleoni, Gemma Bellincioni, and Enrico Caruso, accompanied by a 285-member company. Programs also featured orchestra and dance: the theater played host to dancer Vaslav Nijinsky's last stage performance and presented Puccini, Mascagni, Saint-Saëns and Richard Strauss. Susana Salgado's lively historical account—the very first of its kind—is enriched by anecdotes, reviews and illustrations. A complete narrative chronology of performances is indexed by performer and work, making this book a rare treat for opera buffs and an invaluable resource for scholars in the fields of music and dance history, American studies, and Latin American studies.

A collection of Latina plays, performance pieces, and "testimonios" focus on race, gender, class, sexual identity, and the empowerment of an educated class of women.

The Panic Theatre is a set of plays conceived by Fernando Arrabal between 1957 and 1966, the author's first years in Paris. Composed at the zenith of the avant-garde movement, they convey a radically new and challenging theatricality whose cornerstone is their ceremonial shape. The plays' underlying panic ceremony is thoroughly studied in light of Arrabal's programmatic text 'Le Panique,' that singles out three key concepts responsible for artistic creation: memory, chance and confusion.

Breden shifts the focus of academic study away from product and towards process, demonstrating how an understanding of process assists in the reading of the theatrical product.
