## The Kodaly Context: Creating an Environment for Musical ...

The Kodály method, also referred to as the Kodály concept, is an approach to music education developed in Hungary during the mid-twentieth century by Zoltán Kodály. His philosophy of education served as inspiration for the method, which was then developed over a number of years by his associates. In 2016, the method was inscribed as a UNESCO Intangible Cultural Heritage.

Since its introduction into the Australian context the influence of the Kodály concept has been significant in the areas of early childhood, primary and secondary education. Research and training have underpinned endeavours in the ACT, NSW, Queensland, Victoria, South Australia and Western Australia and have encouraged many teachers to strive for a better musical future for their students.

## The Kodály Concept – Kodály Australia

The Kodaly Method is a way of developing musical skills and teaching musical concepts beginning in very young children. This method uses folk songs, Curwen hand signs, pictures, movable-do, rhythm symbols, and syllables. It was first
